

Estimate of Yearly Medicare Usage

Medicare provides coverage and payment for therapy services at a predetermined amount per calendar year.

The amount of coverage and payment is variable depending upon which individual therapy (PT, OT, ST) is utilized or if in a combination.

To accurately track the usage of your Medicare therapy benefits for this calendar year please complete the following below:

(please check one)

_____ I **HAVE NOT** accessed my Medicare therapy benefits this calendar year.

_____ I **HAVE** had therapy services this year. (either at PHC or from another provider).

_____ PT approximately how many sessions _____

_____ OT approximately how many sessions _____

_____ ST approximately how many sessions _____

Patient's Signature

Date

X _____
